

Hello, and thank you for taking the time to read about Forces Support, This is what we do.....

Forces Support was set up in honour of all our brave men and women who have been killed in action in the Iraq and Afghanistan conflicts, or while serving with-in these times, with the intention of Honouring our Fallen Heroes with our pledge not to forget their families.

We are the only UK charity providing this type of support

We provide general maintenance around the home and garden, the work the lost family member would have done for his or her family. Or the jobs that have built up while a family grieves.

We have just 2 professional builders and 2 maintenance men a CEO and an admin assistant and we have provided national support throughout England, Scotland and Wales for approximately two years and supported almost 100 families.

Due to word of mouth from the families of our fallen heroes spreading the word about our service and the difference we have made to their lives, we have been swamped with applications and have over 50 families waiting for our support and we desperately need financial support to expand our staff and support teams. Our waiting list is now 6-7 months long.

Watch this short clip to see the difference our support made to the family of Lee Rigby who was tragically murdered in our streets less than a year ago.

The environment a family lives in is vitally important to their wellbeing and living in an unattended home is a stark reminder of how a family is not coping.

Brooke is just 6 years old, Brooke's Daddy was killed in Afghanistan serving his country. RIP David Kirkness, 3 Rifles.

Here's what Mummy Steph had to say;

Brooke and I wanted to say a massive big thank you to the guys at Forces Support for everything they have done this week. Brookes seen the garden and her room and I haven't seen her this happy in a long time! The guys gave us a massive surprise that money couldn't buy! Brooke now has a beautiful memorial garden and bench in the garden for her daddy so when times get hard and we're talking about daddy we can sit in there I'm overwhelmed no words will ever be enough to thank the guys!. And I was very emotional saying goodbye amazing charity that deserves so much more recognising for what they do"

A one off donation allows us to help a family today, and that's great, please make a donation using the form below.

BUT.....

If you want to help us to support more families tomorrow, next week, next month and in the years to come, please make a regular gift to us. We can with your continued provision help more families in their grief, anxiety and pain and make a positive practical difference to their futures.

Giving as little as £4 a month can help us make a huge difference to the families we help.

Donating regularly on a monthly, quarterly or annual basis is one of the very best ways in which you can support our work. It's simple to set up, and the payments are collected automatically by standing order, cutting down on administration costs.

Why a regular gift?

By making a regular gift, you can spread the cost for yourself and make a difference to our work every month. A regular gift also enables us to plan for the future, because we know we will have a steady income stream that we can rely upon.

Making a regular gift of £4 a month will help support and enhance the work of Forces Support bringing real benefits to our families.

Thank you on behalf of all the families who we help
